Our Story

How it all started

Happy Penguin is an ice cream company that has been delighting customers with its unique flavors for over four decades. Our ice cream is made with the freshest fruits and high-quality ingredients like peanuts and almonds.

Starting as a small ice cream truck in 1980, we have grown to have a presence in numerous locations across Canada, including supermarkets and convenience stores. Despite our growth, we remain committed to creating high-quality, delicious ice cream that brings joy to our customers' lives.
